RIMOR

World sweet home

Open the door to an ever-changing panorama

Let new discoveries and adventures get your imagination started. With Rimor, the whole world is now your home. We have been building motorhomes and vans for over 40 years, taking inspiration from the place closest to us to make sure you're as comfortable as possible. Functional and welcoming, spacious and comfortable, vehicles that are a true expression of design and all-Italian production.

Rediscover freedom of movement at the seaside and in the mountains, in the city and the countryside. With Rimor motorhomes and vans you'll feel at home, wherever you choose to go.

HORUS

Adventure in all sizes

All the fun you want also in a compact size

Horus is the perfect choice for those who love living on the road. Its agility and extreme manoeuvrability make it the perfect vehicle for outdoor enthusiasts, with no limits to their imagination... or age. With the new Horus 198 there are now four Horus models and they meet all needs, with 3 different sleeping solutions and the possibility of sleeping up to 5 people.

A new idea of movement, able to combine comfort with the appetite for adventure. You'll feel the thrill of experiencing nature from a privileged position, which only opening the tailgate onto a breathtaking panorama can provide. With Horus, wonder has no limits. Take the first step towards what you desire.

HORUS 195
HORUS 198

A new destination is all you need

Everything you need to live your adventure with Horus, and much more. Starting from the configurations: the new Horus 198, with twin beds and large storage spaces, Horus 195 with twin beds with slatted bases, Horus 138 with a comfortable transverse double bed and foldable base and Horus 145 with a fully modular overlapping double bed.

- 1 **Driver's cabin blackout blind** as standard
- 2 **Sliding blinds with integrated fly-screen**
- 3 **Panoramic windows in the living area 70x50 cm and sleeping area 40x40 cm**
- 4 **Modular garage of various volumes**
- 5 **High-density comfort mattresses with removable covers** which are anatomical and hypo-allergenic

6 Tailgate flyscreen as standard

7 Large, 138L compressor fridge on Horus 138 and 145 (opt)

8 Electric access step with safety system connected to the dashboard

9 Removable shower curtain with magnets for outdoor drying

10 Removable smart table with extension which can be used as an outdoor table

11 New layout: Horus 198 compact with twin beds

Other features: Webasto Air Top heater + Truma Boiler, 220/230 V sockets in both kitchen and dinette, USB outlets in both living and sleeping areas, rear heating with dedicated vents, isofix attachment points (optional), dinette which transforms into an extra bed.

HORUS

138

The double bed option gives you up to 192 cm of space for a comfortable sleep – all in under 6 metres. With the Horus 138, you can decide every day where to start your day, among the vineyards in the countryside or right outside a beautiful city.

- **A comfortable double bed** leaves space for storing luggage and bicycles with a simple gesture.
- The kitchen and seating area can be adapted to suit your daily needs thanks to **the kitchen extension and the removable smart table with extension**, which can also be used as an outdoor table.

RIMOR

HORUS 145

HORUS

195

The perfect choice for anyone who loves their personal space. The two twin beds in the rear provide loads of liveability and personal comfort, as does the dinette that converts into a bed in a few simple steps.

- **Twin bed divider with steps.** By night, a handy step for climbing into bed, by day it acts as a divider that ensures that everything stays in place in case of emergency braking during your journey.
- The **compact, spacious kitchen** and the **practical pull-out table** of the Horus 195 give you the freedom to decide between a toast under the stars and a gourmet dinner, no matter when or where.

HORUS

198

The compact solution if you love travelling towards adventure in company. The spaces below the **two rear twin beds** offer lots of space for your clothes and the **sleeping area becomes a handy storage area**.

- **Compact design** in less than 6 meters in length, it offers you full and agile manoeuvrability, many advantages on the road and on ferries, as well as easy parking.
- The rear space is completely modular, offering you the **space to transport bicycles** and anything else you need to live your passions to the fullest.

Legal information about the weights

Mass in running order

The mass in running order of the type-approved vehicle includes: driver, fuel tank filled to 90% of its capacity, clean water tank filled to 20 l (using the special discharge valve) and gas cylinders (max. 15 kg) filled to 90% of their capacity.

The calculated mass in running order has a tolerance of +/- 5% compared to that of point (b) defined at the time of type-approval. Everything not included in the vehicle's standard version, both living pod and chassis, increases the weight in running order with the consequent reduction in the useful load up to the possible reduction of the total number of belted seats compared the type-approved ones.

The available useful load is the difference between the maximum mass permitted with full load and the mass in running order plus the weight of the passengers. It is therefore advisable at the time of purchase to pay special attention to the weight of the optionals you intend to install on the vehicle.

Overall mass

The overall mass is the total mass of the vehicle that must not be exceeded.

Potable water tank while driving

The clean water tank must contain 20 litres of water, using the supplied discharge taps, when the vehicle is in running order.
